BOOK SYNOPSIS

James Baldwin first wrote about homosexuality in his famous early novel, *Giovanni's Room*. Here he brings homosexuality and race together in the story of the great gospel singer Arthur Montana. Arthur was found dead in the basement of a London pub at the age of thirty-nine, yet he lies on in this memoir. Written by Hall, his brother and manager, it is in part a subtle and moving study of the treacherous ebb and flow of memory. Set against a vividly drawn background of the civil rights movement of the sixties, *Just Above My Head* explores how Arthur discovers his love for Jimmy - with his smile like a lantern and a voice like Saturday nights' - and portrays how profoundly racial politics can shape the private business of love.
